

rise in Commodity Plastics and requested for restricting the export of polymers, custom duty reduction from the current level of 5% to 0%, removal of anti-dumping duty on PVC resin and reduction of excise duty from 16% to 8%. Chemicals & Petrochemicals Manufacturers' Association have mentioned that the volatility in prices is a global phenomenon and not only specific to India. Petrochemicals Industry is deregulated and delicensed. The prices of raw materials for plastic are market driven and prices are not controlled by Government.

### **Fertilizer plants in the country**

1065. SHRI T.T.V. DHINAKARAN: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) the details of fertilizer plants in the country indicating the installed capacity and utilization, State-wise;

(b) the quantum of fertilizers required to meet the increasing domestic demand;

(c) whether any new public/private sector fertilizer plant is proposed to be set up; and

(d) the steps taken to meet the requirement of fertilizers in the country?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI B. K. HANDIQUE): (a) Details of fertilizer plants in the country indicating the installed capacity and utilization, State-wise, is given in the Statement I and II (See below).

(b) The quantum of major fertilizers namely Urea, DAP & MOP to meet the domestic demand during the current financial year 2006-07 has been assessed as under:-

(Qty. in lakh MTs)			
Season	Urea	DAP	MOP
Kharif-06	122.37	33.10	14.66
Rabi-07	127.08	48.19	18.57
TOTAL	249.45	81.29	33.23

(c) Proposals for capacity addition by setting up of new, debottlenecking/revamp/modernization and expansion project (s) are under appraisal by the Government.

(d) At present urea is the only fertilizer which is under partial distribution movement and price control of the Government 50% of the indigenous production by the manufacturers is regulated by issue of movement order under ECA and manufacturers are free to sell the balance 50% of their production as non ECA to any state of their choice.

The gap between the assessed requirement and indigenous availability is filled through imports. Other fertilizers viz: DAP, MOP, SSP etc. are decontrolled. No movement orders are issued by the Government. The availability of these fertilizers are decided by market forces of demand and supply. The State Governments are required to tie up the supplies with manufacturers or through direct import well in advance to ensure availability of these fertilizers as per demand assessment.
